

identified by Group B, wherein the polypeptide that enhances solubility and/or prevents aggregation is GST and Group 1, wherein the amyloidogenic polypeptide is Huntingtin.

REMARKS

In response to the Restriction Requirement, Applicants have elected to prosecute the claims of Groups I, B, and 1. Having made this election, Applicants expressly reserve the right to file one or more divisional applications on the subject matter of the nonelected claims. The election is made with traverse on the grounds that a search and examination of one or more of the specific groups set forth on pages 2 and 3 of the Restriction Requirement would not require an undue burden of searching.

Respectfully submitted,

Helen C. Lockhart, Reg. No. 39,248
Wolf, Greenfield & Sacks, P.C.
